

## Presentation Numbers for Virtual Concurrent Sessions

**Tuesday, 4 October 2022**

All speakers join at 7:00 CEST for a technology check.

Virtual Concurrent Sessions 4 October, Online		
CEST	Zoom 1	Zoom 2
	<b>Oral Presentations: Landscape management and local community engagement</b>	<b>Oral Presentations: New fire generations in Europe and beyond</b>
7:30pm - 7:45pm	<b>1</b> Open	<b>7</b> <i>Are fire regimes changing in Europe? A pan-European analysis</i> , by <b>Andrea Duane</b> (University of Lleida)
7:45pm - 8:00pm	<b>2</b> <i>Ecological model based on the cultural value of indigenous fire management</i> , by <b>Laura Patricia Ponce Calderon</b> (Independiente)	<b>8</b> <i>Nuclear wildfires: Sensing air, atmospheres and radiation in the Chernobyl Exclusion Zone</i> , by <b>Christine Eriksen</b> (Center for Security Studies, Swiss Federal Institute of Technology)
8:00pm - 8:15pm	<b>3</b> <i>Provincial fire governance alters local ecocultural fire in British Columbia, Canada</i> by <b>Kelsey Copes-Gerbitz</b> (University of British Columbia)	<b>9</b> <i>Building the Components of a UK Fire Danger Rating System: Summer Trends in the Flammability of Calluna vulgaris across England and Wales</i> , by <b>Claire M. Belcher</b> (University of Exeter)
8:15pm - 8:30pm	Question/Answer and Discussion	Question/Answer and Discussion
	<b>Oral Presentations: Landscape management and local community engagement</b>	
8:30pm - 8:45pm	<b>4</b> <i>Modeling fire hazard and vulnerability of forest ecosystem services in the Italian Apennines</i> , by <b>Giorgio Vacchiano</b> (University of Milan, DISAA)	<b>10</b> Open
8:45pm - 9:00pm	<b>5</b> <i>A burning delta. The neglected value of the islander's traditional knowledge of fire in the Paraná River, Argentina</i> , by <b>Adriana Millán</b> (Centro de Investigación y de Transferencia Rafaela/UNRaf-CONICET)	<b>11</b> Open
9:00pm - 9:15pm	<b>6</b> <i>Reconstructing Frequent-Fire Jeffrey Pine Forests in California's Sierra Nevada Mountains</i> , by <b>Paige Kouba</b> (University of California Davis)	<b>12</b> Open
9:15pm - 9:30pm	Question/Answer and Discussion	Question/Answer and Discussion

**Wednesday 5 October 2022**

All speakers join at 7:00 CEST for a technology check.

Virtual Concurrent Sessions 5 October, Online		
CEST	Zoom 1	Zoom 2
	<b>Oral Presentations: Landscape management and local community engagement</b>	<b>Roundtable Discussion</b>
7:30pm - 7:45pm	<b>13</b> <i>Engaging Stakeholders in forest management for resilient forest creation and reduce Fire loss</i> , by <b>Bushra Sanira Asif</b> (University of Genoa)	<b>17</b> <i>From data to action: A way to reduce wildfires: progress in Latin America</i>

7:45pm - 8:00pm	<b>14</b> <i>Pre-Columbian Fuel Harvesting Lifeways in the Sierra Nevada, California, USA</i> , by <b>Scott Markwith</b> (Florida Atlantic University)	Organizers: <b>Bibiana Bilbao</b> , Departamento de Estudios Ambientales, Universidad Simón Bolívar and <b>Dolors Armenteras</b> , Departamento de Biología, Universidad Nacional de Colombia
8:00pm - 8:15pm	<b>15</b> <i>Building the Components of a UK Fire Danger Rating System: Progress, Challenges and Future Development</i> , by <b>Gareth Clay</b> (University of Manchester)	
8:15pm - 8:30pm	Question/Answer and Discussion	
8:30pm - 9:30pm	<b>Roundtable Discussion</b> <b>16</b> <i>Studying Wildfires from Space</i> Organizer: <b>Danielle Venton</b> , KQED Public Media	

## Thursday 6 October 2022

All speakers join at 7:00 CEST for a technology check.

Virtual Concurrent Sessions 6 October, Online		
CEST	Zoom 1	Zoom 2
	<b>Oral Presentations: Roles of fire ecology for ecosystem conservation</b>	<b>Roundtable Discussion</b>
7:30pm - 7:45pm	<b>18</b> <i>Pyrodiversity increases plant diversity in an actively managed tallgrass prairie</i> , by <b>Charlotte Reemts</b> (The Nature Conservancy)	<b>24</b> <i>Fire ecology and management in Africa: past trajectories and current trends</i> Organizers: <b>Esther Ekuamoako</b> , University for Development Studies, Ghana; <b>Sally Archibald</b> , University of the Witwatersrand, Johannesburg; <b>Brigitte N'DRI Epse KONE</b> , Nangui Abrogoua University; <b>Tercia Strydom</b> , Kruger National Park South African National Parks (SANParks)
7:45pm - 8:00pm	<b>19</b> <i>Fungal communities experience rapid secondary succession during the first year following a wildfire in California chaparral</i> , by <b>M Fabiola Pulido-Chavez</b> (University of California-Riverside)	
8:00pm - 8:15pm	<b>20</b> Open	
8:15pm - 8:30pm	Question/Answer and Discussion	
	<b>Oral Presentations: Roles of fire ecology for ecosystem conservation</b>	
8:30pm - 9:45pm	<b>21</b> <i>Avian community changes in response to wildfires in a desert sky-island forest ecosystem</i> , by <b>Jacquie Ferrato</b> (The Nature Conservancy)	
8:45pm - 9:00pm	<b>22</b> <i>Assumptions about post-fire mortality affect pyrodiversity-biodiversity relationships in montane forests of the Canadian SE Rocky Mountains</i> , by <b>Ceres Barros</b> (University of British Columbia)	
9:00pm - 9:15pm	<b>23</b> <i>Improving the wildfire forecasting systems to support decision-making for the northern Andean countries</i> , by <b>Blanca Violeta Ponce Vigo</b> (USFS International Programs – South America Region Fire Program)	
9:15pm - 9:30pm	Question/Answer and Discussion
